The Devon

BALA
ENGINEERS

Bala's technology team delivers on multifamily
design that is completely tech-ready for
WiredScore's residential digital experience.

ABOUT THE DEVON PROJECT

The Devon, is a luxury, transit-oriented multifamily community in Hyattsville, Maryland, featuring 320 residences and 1,238 square feet of prime retail space. Located near the Hyattsville Crossing Metro and key retail and employment hubs, The Devon offers accessibility and convenience.

The project was designed with connectivity at its core and has received a Wiredscore Platinum rating certifying the project's focus on infrastructure resilience and an exceptional tenant technology experience.
